

Q.E.D.[®] Alcohol Saliva Test

DOT-approved,
quantitative results
in minutes

Q.E.D. alcohol saliva test

- > Easy to use
- > Accurate and reliable results
- > DOT-approved
- > Clinical Laboratory Improvement Act (CLIA) waived
- > Built-in quality-control spot
- > Extended shelf life

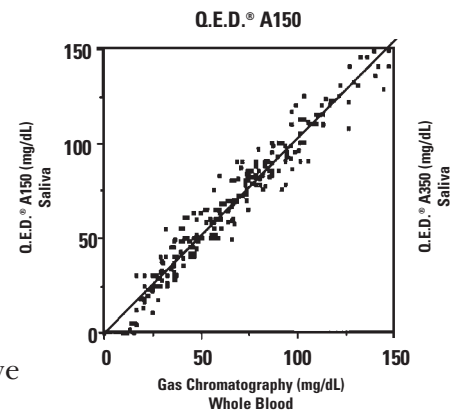

With the Q.E.D.[®] alcohol saliva test from Employer Solutions, you get an instant alcohol testing solution that gives you highly accurate, quantitative results in an easy-to-administer form. The test is ready to use, anytime, anywhere for:

- Pre-employment or pre-duty testing
- Reasonable cause testing
- Random testing
- Follow-up testing
- Post-accident testing

The noninvasive Q.E.D. test requires no special collection facilities and can be administered on site, making it an ideal testing method for a variety of industries. Results are ready in minutes and easily read on a thermometer-like device.

On-site simplicity with clinical lab accuracy

This noninvasive testing method is a proven alternative to blood testing and backed by clinical lab accuracy. In clinical trials, saliva alcohol levels measured with the Q.E.D. test demonstrated high correlation to blood analyzed by gas chromatography ($r=0.98$)¹ and produced no false positive or false negative results.²

Using Q.E.D.[®] is quick and easy:

1. Swab mouth to collect saliva.

2. Insert collector into test device.

3. Read color bar.
