

Joe
is there.

“

Like what you do and continually improve how you do it.

”

Quest Diagnostics has a reputation of performing accurate, timely drug testing. Our reputation is built on our ability to be successful through a commitment to hard work and process improvement. When the Lenexa, KS laboratory opened in 1999, I performed the first extraction and confirmation drug test. Since that first test, I have witnessed incredible growth. From then to now, the number of specimens we drug test each day has increased by more than 9,000%!

In our business, we support and push each other to achieve our goals. That relentless drive makes us a better unit and company. I am proud of what we have accomplished and I'm excited about the growth and opportunities before us.
